Mira Advance Extra 1.1.643.010 (J97H) WIRED Connections to the INSTANT MATCH Transformer

Connection to other Electric Showers

Where fitting the Instant Match to an electric shower without a digital pump connection a flow sensor is needed in the water supply to the shower. Please refer to our web page (www.whalepumps.com/psd) and go to the Resources section for Level access adaptations for instructions or call the Whale Shower Drainage Helpline.
